

EOS Revelation 2 TURBO Undersink Water Ionizer

**** Only \$2,395! ****

Manufactured by EOS Hi Tech, the makers of the Genesis Platinum and Genesis Equus, the new **Revelation 2 Undersink Water Ionizer** is the new standard in water ionization. Its luxurious, modern design will fit into even the most sophisticated kitchens, while it has the power to clean, revitalize and ionize even the toughest US water.

How would you like to have perfect ionized, antioxidant water without wasting space on your countertop? The new **Revelation 2 Undersink TURBO Water Ionizer** is the solution! From a spigot that's only ten inches high and two and a half inches wide, you

get nine preset pH levels customizable to 76, a beautiful seven color LCD screen, pH and ORP display, filter life display, and convenient touch sensors to control it all.

The advanced nine plate and sixteen stages of filtration ionization system sits under your sink and out of the way. The medical grade filters clean up and revitalize your tap water, while the powerful electrolysis chamber ionizes your water to a perfect alkaline drinking water that's the healthiest water for you and your family to drink.

This is an investment that your whole family will enjoy and it is backed up with a five year unlimited parts, labor and shipping warranty and a 60 day money back guarantee. Water for Life USA has been distributing water ionizers for seven years and has a perfect rating with the Better Business Bureau, so you can order from us with confidence that you'll be treated right.

Revelation TURBO Water Ionizer Features:

New! Turbo Button. One simple push creates the strongest pH water for cooking and disinfecting.

Nine Platinum-Titanium Plates. With patented EOS slotted plate technology.

325 watts. The power necessary to ionize virtually any US water.

SMPS Electrical System. Reduces heat and increases ionization precision.

76 pH Levels. More than any other water ionizer! Customizability to fit any water.

7 Color LCD Screen. Displays pH, ORP, filter life, and more.

16 Stage Filter System. Best in the industry. Cleans and revitalizes water before it is even ionized! Sulphite free.

Unsurpassed Design. Designed by top EOS engineers to look great and perform better than any other water ionizer.

Automatic Cleaning System. Industry leading. Senses contaminants on plates and only cleans when necessary, so water and energy aren't wasted.

5 Year Parts, Labor, and Shipping Warranty, Lifetime Warranty on Plates.

Some companies are offering so-called Lifetime warranties. They are very limited. Our warranty is unlimited and covers everything for five years!

60 Day Money Back Guarantee. If not totally satisfied, return it within 60 days for a refund minus the industry standard 15% restocking fee.

Revelation Operation:

The **Revelation 2 Undersink Water Ionizer** has all the functionality of the Genesis Platinum, but with all the controls built right into the spigot. Then it adds two more plates for increased power and puts all the filtration and electronics under your sink and out of your way.

The Revelation faucet is designed for ease of use. It has two movable arms to dispense alkaline and acid water.

When you select an alkaline level, the alkaline water comes out of the top arm, while the acid water comes out of the bottom arm, making collection of both waters simple!

Simple controls make using the Revelation a breeze! There are four levels of alkaline water, four levels of acid water, and a pure water button.

To select the level of alkaline water you want, simply push the ALKALINE button until the pH you want is displayed, then press "on" to get that water. Want acid water? Just press the ACID button. Want filtered-only water? Just press the PURE button!

Want TURBO water? Hold down the alkaline water button for five seconds and you'll get the strongest alkaline and acid water instantly!

The Revelation Base:

The Revelation base sits under your sink. It houses two filters, nine plates, and the electrical system. There is an inlet for plugging in the power cord.

Underneath the base there are inlets for connecting the alkaline and acid water tubes. Installation is simple.

The Revelation Filtration System:

The new **Revelation 2 Undersink Water Ionizer** also introduces the most sophisticated filtration system for any water ionizer, touting two internal filters with sixteen stages to clean, condition, and revitalize your water before it is even ionized!

Filter 1: Offers seven levels of treatment including four anti-bacterial felts, a sediment filter, ion exchange resin for fluoride removal, and activated carbon.

Filter 2: Offers a large section of silver activated carbon filtration, pure calcium, activated carbon, ceramic ball, as well as five more anti-bacteria felts.

We take pride in keeping you and your family safe from bacteria, chlorine, and other contaminants that threaten your health and well being. After your tap water passes through both filters, it comes out fresh, smooth, and ready to be ionized!

This two filter system cuts out the need for most prefilters, so for most customers the Revelation is ready to go right out of the box! The filter life for these filters is displayed on the screen. So you know exactly when to replace your filters.

The EOS Electrolysis Chamber:

The Revelation has 9 patented slotted plates inside a huge electrolysis chamber, designed for power, precision and performance. EOS is the only water ionizer manufacturer with an exclusive relationship with the Hee Sung Metal Company, the top rated metal company in Japan. That's why we offer a LIFETIME WARRANTY on the EOS electrolysis chamber!

The EOS Patented Slotted Plate:

Solid, flat plates, like those used in the Enagic Kangen SD501 Water Ionizer, have a major problem in that the electrical current flows around the edges of the plate, leaving the center of the plate mostly unused. Most water ionizer manufacturers have addressed this problem by putting mesh over their plates, so the whole plate is utilized during ionization. But mesh has a major problem in that it puts ridges on the plates that capture minerals, and as the minerals build up, ionization gets weaker, forcing customers to clean their plates often. Only EOS has solved this problem by offering patented slotted plates that utilize the entire plate without having to use mesh!

The Best Water Ionizer Investment:

The bottom line is that the **Revelation 2 Undersink Water Ionizer** is the hallmark for all water ionizers. It is the pinnacle. It is the leader. It is unmatched. Purchasing the Revelation today is making an investment in the health of you and your family. Ionized water has been shown to improve sleep, metabolism, digestion, and it will detoxify your body and keep it clean. Plus the water is clean and tastes great!
